

Gedächtnis-Kraft Gold

The intelligent companion for memory, concentration and cognitive skills.

No matter what age, whether students who want to make full use of their concentration and learning abilities or working people and senior citizens who want to keep their memory sharp: Our mental performance and ensuring it is maintained is a major concern for all of us. That is why Biogena has set itself the goal of developing a premium formula for mental fitness that meets the needs of all age groups equally.

The new premium preparation Biogena Gedächtnis-Kraft Gold combines the patented plant extract Memophenol™ with activated choline (Cognizin®) and a targeted selection of vitamins and trace elements for optimal support of mental fitness. The unique formula was developed by the science team based on current research findings to make the most of memory power at any age.

Smart botanicals combined with smart micronutrients.

Specially balanced polyphenols are contained in high concentrations in Memophenol™, the patented extract from grapes and blueberries. The positive influence of this nutrient formula on memory and learning ability has been proven in studies with students and the 60+ generation.

Citicoline, as activated choline or CDP choline, is a naturally occurring substance in the body. As an intermediate product of membrane phospholipid synthesis, it is found primarily in nerve cell membranes. Our brain therefore has high concentrations of it. The branded raw material Cognizin® is a clinically tested and patented form of citicoline, which ideally supplies the brain with this important nutrient.

A well thought-out combination of valuable, active B-vitamin forms in high concentration specifically supports mental performance and counteracts fatigue and exhaustion. Pantothenic acid is a component of the precursor of acetylcholine – one of the most important neurotransmitters in our nervous system. Folate, vitamin B6 and B12 play a role in the homocysteine metabolism and keep the homocysteine level in the health-desired balance.

Biogena Gedächtnis-Kraft – the smart gold product for top mental performance.

Gedächtnis-Kraft Gold

- With a patented plant extract blend of grapes and blueberries (Memophenol™), citicoline (Cognizin®), B vitamins and zinc.
- Vitamin B12 in the MHA formulation: Methylcobalamin (M), Hydroxocobalamin (H) and Adenosylcobalamin (A).
- Activated folic acid as Extrafolate-S® Crystal.
- Pantothenic acid supports normal mental performance
- Zinc contributes to normal cognitive function

- Vitamin B6, B12, folate and pantothenic acid help reduce fatigue and tiredness

Possible uses

- To support memory, concentration and cognitive skills

Bioavailable micronutrients in pure form and radical quality from passion

- According to the pure substance principle
- Glutenfree
- Lactosefree
- 100% vegan
- Hypoallergenic
- Tested quality

INGREDIENTS per daily dose	2 capsules	% NRV*
Pantothenic acid	18 mg	300
Vitamin B6**	10 mg	714
Folic acid (Extrafolate-S® Crystal)**	600 µg	300
Vitamin B12 (MHA-Formula)	250 µg	10000
Zinc (zinc picolinate)	5 mg	50
Grape and blueberry extract (Memophenol™)	600 mg	-
containing: polyphenols	450 mg	-
Citicoline (Cognizin®)	100 mg	-

* % OF NUTRIENT REFERENCE VALUES IN ACCORDANCE WITH EU REGULATION 1169/2011.

INGREDIENTS

Plant extracts [grape (*Vitis vinifera* L.), blueberry (*Vaccinium angustifolium* A.)], hydroxypropyl methyl cellulose (capsule shell), citicoline, bulking agent: powdered cellulose, zinc picolinate, calcium-D-pantothenate, pyridoxal 5'-phosphate, vitamin B12 (methylcobalamin, hydroxocobalamin, 5'-deoxyadenosylcobalamin), calcium-L-methylfolate.

RECOMMENDED DOSAGE

1 x 2 capsules daily taken with plenty of liquid.

NOTE

Food supplement in accordance with EU Directive 2002/46/EC

IMPORTANT NOTICE

Not intended for consumption by children.

ADDITIONAL NOTE

** in activated form

PACKAGE SIZE AND CONTENT

120 capsules (2 month supply), 59 g
